

# MePro User Guide

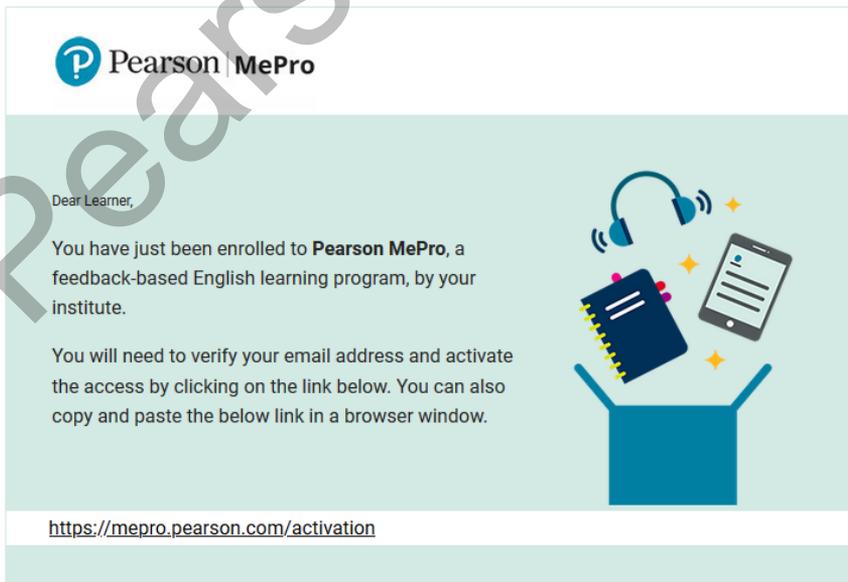

## 1 Standard Requirements

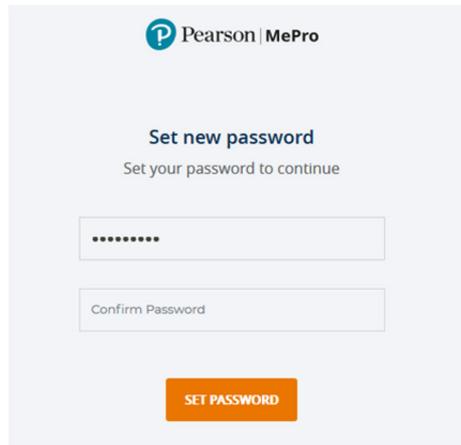

- 1.1 This product is developed for desktops/laptops only.
- 1.2 Install Google Chrome for richer and better experience.
- 1.3 Ensure Internet with minimum bandwidth of 1 Mbps.
- 1.4 Clear your browser cache and re-login to avoid any problem.

## 2 Account Activation

- 2.1 Click the link received in the account activation email.

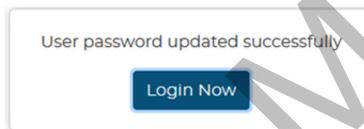

## 2.2 Now set new password.

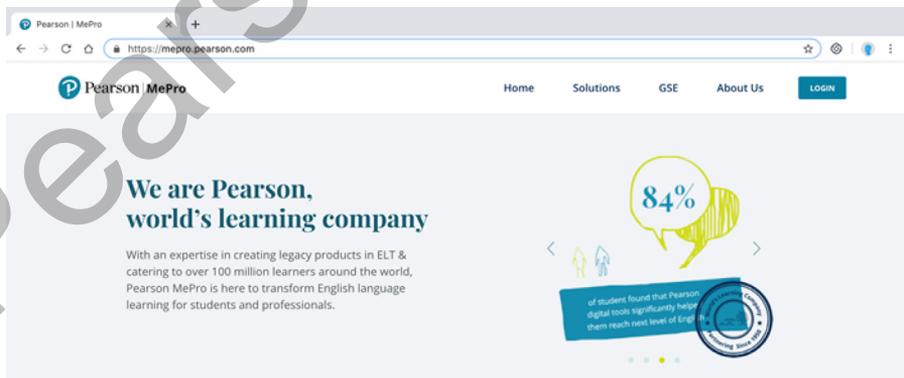

The screenshot shows the 'Set new password' page on the Pearson MePro website. At the top, there is the Pearson MePro logo. Below it, the heading 'Set new password' is followed by the instruction 'Set your password to continue'. There are two input fields: the first is for the new password, shown with dots, and the second is labeled 'Confirm Password'. At the bottom of the form is an orange button labeled 'SET PASSWORD'.

## 2.3 Click on Login now

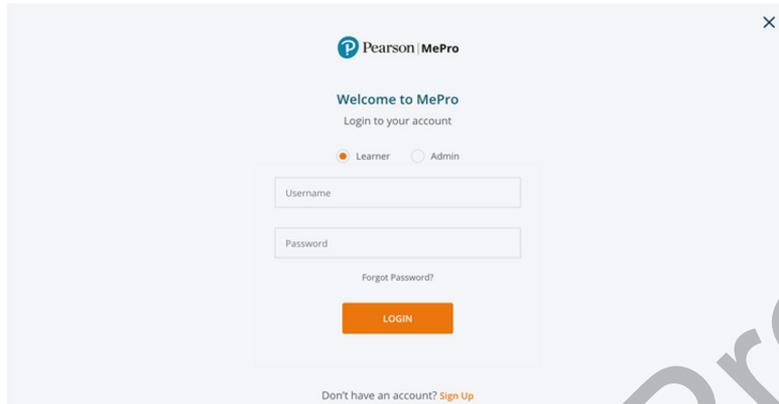

## 3 Login

### 3.1 Open Google Chrome. Type <https://mepro.pearson.com/> in the search bar and press enter.

### 3.2 Click on Login

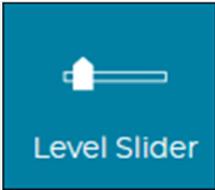

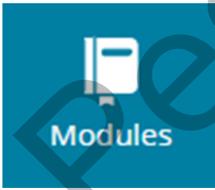

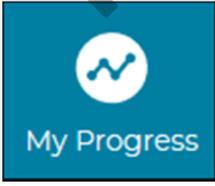

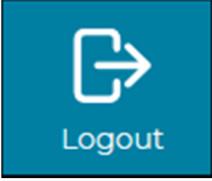

**3.3 Username:** Enter your email address here.

**3.4 Password:** Enter the password you generated earlier. (Read: 2.2)

**3.5** Now, click on **Login** to enter the Pearson MePro homepage.

## 4 Navigation

Menu	Description
	Click and move it to select the learning level
	Find your modules, assessments, and tasks here
	Displays skill performance and time spent on learning

Menu	Description
	Shows personal information (Name, email, password, image, etc).
	Click to exit the learning application

## 5 Getting Started: The Learning Journey

- 5.1** Each MePro level has 10 theme-based modules and each module has a total of 8 tasks on Listening, Reading, Writing, Speaking, Grammar and Vocabulary.
- 5.2** Once the candidate has logged in, depending on the registration type, he/she will either be directed to take a placement test or will be mapped on to a particular level.
- 5.2.1** In this Placement Test, the candidate would take a 20-minute adaptive test. The actual test duration may vary depending on the proficiency of the answers entered. It is important to complete the test in a single attempt without logging off. Once done, click on the **Finish** button to complete the test. Skipping this step would lead to account suspension.
- 5.2.2** In case of being mapped on to a particular level directly, click on the **Modules** tab (in the left panel) and begin.
- 5.3** Proceed sequentially as modules and tasks appear.
- 5.4** Score a **minimum of 70%** to move up to the next task.
- 5.5** For Speaking Tasks:
- 5.5.1** Use a quality headset with microphone. To check, record your speech sample via the voice recorder app.
- 5.5.2** Click Press and hold to record. Do not release the button before you finish.
- 5.5.3** Passing score required for speaking tasks is 50%.
- 5.6** After first 5 modules, attempt Quiz successfully to reach the next milestone.

## 6 Completing the Assessment

**6.1** After every five modules, there will be an assessment. There are three types of assessments available as following:

- Quiz
- Remediation
- Review Test

The table below will explain the assessment process clearly:

Quiz	Remediation	Review Test
Score above 70%	Not Required	Can consume Review test
Score below 70%	Required	Can consume after completing remediation

**6.2** Pass the Review Test with 60% and you'll be able to move to the next learning module.

**6.3** After completing modules 6-10, attempt Quiz 2, Remediation 2 and finally the Level Test.

**6.4** Level Test: Passing Criteria

**6.4.1** Score 70% or more in first 3 attempts to reach the next level and obtain level completion certificate.

**6.4.2** If you are unable to get 70% in first 3 attempts, answer key will be made available for viewing.

**6.4.3** Use the answer key to re-attempt the level test and score 70% to reach the next level and get level participation certificate.
